The simple notion of organizing a corporate event is enough to raise the blood pressure and get the heart racing. Unless you're used to planning, preparing and coordinating get-togethers on a grand scale, the stresses associated with organizing an event for hundreds of invited guests can be overwhelming.

Celebrating their 25th year in business, byPeterandPauls.com (www.byPeterandPauls.com) are the experts businesses, as well as families, turn to when facing the monumental task of organizing any event that requires the simultaneous juggling of everything from food preparation, to photography, to music and more.

byPeterandPauls.com is a true one-stop-shopping experience for corporate events, awards ceremonies, company parties, and fundraising events. And on the weekends, their three incredible venues — the Paramount Conference and Event Venue, the Bellagio Boutique Event Venue, and the

Manor Event Venue — are usually busy making dreams come true in fairytale fashion with lavish wedding parties, placing both the bride and groom on a pedestal as they begin their life together.

INCREDIBLE VENUES

Whether your corporate event calls for a venue that celebrates the great outdoors (with a golf course on site), or for a contemporary location with the latest state-of-the-art sound and video equipment, byPeterandPauls.com has just what you're looking for.

"We started our company with The Manor Event Venue, at Carrying Place Golf & Country Club," says Peter Eliopoulos, owner and Creative Director of byPeterandPauls.com "Right on the golf course, The Manor Event Venue is a beautiful three-storey building overlooking a charming six-acre pond."

The Manor Event Venue is one of Ontario's premier banquet, wedding and meeting centres. With more than 34,000 sq. ft., this newly renovated facility offers three banquet halls, able to accommodate

up to 950 guests. The Manor Event Venue is equipped to host indoor and outdoor weddings, special events, proms, showers, golf tournaments or any other social function you can dream up.

"The Bellagio Boutique Event Venue, located in Vaughan, offers more of a contemporary atmosphere," says Eliopoulos. "It has three individual rooms and is more of a boutique event venue."

Whatever the event, the Bellagio Boutique Event Venue is an open concept banquet hall facility with room for up to 800 people. There are three European influenced, fully private rooms to choose from. The Bellagio Boutique Event Venue is an exquisite and luxurious venue created to charm everyone who walks through its door.

The Paramount Conference and Event Venue, built about three years ago, is their latest venue. "It's a state-of-the-art facility with a big kitchen," says Eliopoulos. "It holds 1,600 people and has all the audio visual equipment and bells and whistles necessary for a truly outstanding party."

Strategically located 15 minutes from Pearson International Airport and close to all major highways, the Paramount Conference and Event Venue is ideal for any corporate function, and has the ability to accommodate from as little as 15 to as many as 1,650 guests.

GOING THE EXTRA MILE

What really sets byPeterandPauls.com apart from the competition is their ability to take care of absolutely everything needed to make an event memorable and stress free. Besides offering the perfect venue for your event, they also take care of the menu, the ambiance, the music, the photography, the party planning and more. It's a true one-stop party shop.

"You come in and we take care of everything from a-z," Eliopoulos says. "We can even put together an agenda for your evening's activities and make sure everything unfolds as planned. We're with you 300 percent."

Eliopoulos recalls how his company recently organized the Mayor's Gala. "They wanted to go with a

Brazilian Copacabana type of theme. So we planned the dress code, the food, and the ambiance to create that kind of theme for them. It turned out great."

Eager, willing and able to turn any event into an extraordinary experience, byPeterandPauls.com offers a service that's ahead of current trends. "I travel the world so I see what's new and exciting and that helps us stay a step ahead," says Eliopoulos. "We're very innovative and ahead of our time. We make parties happen."
